RE: Best of New Jersey, Real Estate

Dear Anthony,

I would just like to thank you and Close-Up TV News for consideration of profiling our firm on your television program. Your segment producer, Jordan, was here Wednesday afternoon to conduct extensive interviews with the firm's partners. We appreciate the professionalism and courtesy extended by Jordan and yourself.

Thank you again for choosing our firm for your program. We are so excited to get started with the script writers when we get back from vacation. All the agents are excited about being selected and have already began getting positive feedback.

Sincerely
